

**FRESNO, CALIFORNIA
CLASS SPECIFICATION**

UTILITIES CUSTOMER FIELD SPECIALIST

FLSA STATUS:

Non-Exempt

CLASS SUMMARY:

The Utilities Customer Field Specialist is the second level in a four level Code Compliance Utilities series. In addition to the Utilities Customer Field Technician duties, incumbents are responsible for conducting complex utility services research, calculating and collecting utility payments, updating official City maps and records, reviewing records and repair orders received from field crews to ensure accuracy for future use by internal staff, providing customer service, preparing and verifying the accuracy of computations and plot information obtained from plans, checking lot dimensions and street widths against recorded maps.

The Utilities Customer Field Specialist is distinguished from the Utility Customer Service Technician by its responsibility for performing more complex research and assignments associated with utility services. The Utilities Customer Field Specialist is distinguished from the Utilities Customer Field Senior, who serves as lead worker by making work assignments, overseeing the work of other Utilities Customer Field staff, training, ordering and distributing supplies, preparing reports, and performing administrative tasks in the absence of the supervisor.

TYPICAL CLASS ESSENTIAL DUTIES: (These duties are a representative sample; position assignments may vary.)

**FRE-
QUENCY**
